“ *My big teddy bear. He used to give my kids popsicles over the fence. He would hang out with the girls and I. Played together on the softball team for the fire dept. He gave my girls and I hugs whenever we saw him. The world lost a beautiful light and heaven gained an angel. I am sure he and Jack are hanging out in heaven and causing mischief. Love you big guy.*

“ I have had the pleasure of being friends with Kurt for over 28 years and neighbors for about 15. We would reminisce about the Fire Department softball team we were on together in the early 90s and his nephew TJ, whom I have know his whole life and love dearly. Kurt always found something to give me a hard time about every time I saw him. I am going to miss him and his silly antics greatly.

“ *I have known Curtis most of my life! He was one of the most “happy go lucky” guys I have ever known. He always greeted family and friends with a big hug and was always there when anyone needed anything! His family was very dear to him. He loved all of his nieces and nephews as his own, often attending their sports activities, always letting them know they mattered. He will be missed in this world.....he has made a mark in the hearts of everyone who knew him.....may he be rejoiced in heaven for the Light that he is! And may that Light continue to shine through all who love him. Much love to all who are missing him.....Leanna Dunn*

“ My uncle Curt was the an awesome uncle! Who would do anything and everything to giving anyone the shirt off his back! I remember growing up and him always being around to help and look after me and my siblings! He was like a kid himself always joking and playing around with us all to running around and trying to catch us! I remember being in highschool and my uncle was on a bowling league me and my mom would go with my uncle to watch him bowl! Those memories I'll cherish for a life time! Who's ever life he came into or who ever he ran into just loved him to death he was so full of life and love in depth! I remember just a few days before him passing we were messing with each other just playing around laughing! One thing that stuck with me was he said watch just wait tell you go to sleep! I then replied back and said oh I'm post to be scared! I told him you better pack a lunch and bring you're army! It's just breaks me as I would talk to him every now and then on the phone! But actually seeing him and getting those nice big hugs that he gives out! The last time was when I was 20 years old! That I'll never have a chance at again! But he new I loved him as well as I knew he loved me! And I also have the beautiful memories of him that I will cherish till the end of time! Uncle you were the best! You loved uncontrollably! you gave the best hug! But most of all I'm glade to be you're niece! You will live on in my heart always and forever! I miss you so much! But I know one day I'll see you again! I know you're shinning down on me and watching over me! I love you uncle! Love Barbara! ❤️

“ There are so many memories to share of my Uncle Curt. I know, without a doubt, anyone who knew him will agree that he was such a kind, loving, generous man. He had such a zest for life and was always up to hang out anytime, especially if it was to go to a concert, to go bowling or fishing, or even catch a baseball or football game. He loved his sports and music and even more than that, his family. He was one of the hardest working people I know. He put in decades of service at Safeway and loved his co-workers and customers as much as they loved him. Outside of work, he would do anything for anyone at any given moment. I loved his tight hugs where you could just feel the love. He was happiest with his loved ones - just talking smack and laughing - the more the merrier. Looking back, when I was young, I can not remember a time when he was not there to support me. He was always there at my choir concerts and school plays. I was there when he played softball and to hang out at the bowling alley and watch him bowl (Man, I always wished I had that bowling gene). I KNOW I drove him crazy at times, but he always had my back!! He was strong...I once saw him step in to protect his nephew and I watched him just stand there like a brick house as he took those punches without even flinching AND without even fighting back - It didn't even phase him - that was impressive!! You have to be tough to be in this family and he had a part in making me who I am today. Last summer was the last time I saw him, we had a fun time hanging out in Gunnison, CO for my nieces graduation. He was definitely one-of-a-kind and as I sit hear and reminisce, my heart breaks even more knowing that I will never see him again. It doesn't seem possible.

This is the perfect reminder for anyone reading this to remember that life is unpredictable, so take the time now to do the things you've been putting off doing. Send that apology, make amends, make that phone call, say I love you. Never assume that there will be a tomorrow!!

This world lost such a wonderful person. He was truly one of the good ones!! I will miss him more than words could ever explain, but

I will cherish the memories forever! I was blessed to know you Uncle and you will never be forgotten!!

Love Tracy
