BE

“ *Beautiful Joan, my best friend I will forever miss you as time goes on. I will always treasure the many memories we shared through the years. You made me a family member as I got to take part in many holidays and family get togethers throughout the years getting to know your children, your sister and her families. What a privilege it was for me. I will always remember your gentle and caring spirit with love and with so many cherished memories of out time together. I hope you are now in a better place but I am sorry that you were taken from us.*
