*“ I am shocked and saddened by the passing of a good friend of mine in that of Skip. I want to send my condolences and prayers to his family and friends. I enjoyed numerous memories of the times we spent together. To his daughter Carly, your dad was so proud of you and talked of you very much. I will miss him terribly. He always had a new joke to spread the laughter and was a pleasure to be around. May God give the family and friends the strength and love to get through this saddening time. I love you my brother...deeply saddened...
