“ To an Angel who left us all too soon...you touched many lives of people and animals alike and were truly a blessing for all of those who have crossed paths with you.

I appreciate you and getting to know you through the years and your friendship. I find comfort in knowing that you will continue to live through many of us and know that you will never be forgotten, the only thing I regret is that you had just begun your life with you Lissa and it was taken away from you both so quickly. I know you will watch over her and and show her light and guidance as she continues on this journey called life until the two of you can be together again.

Nick says thank you as well from BootCamp and sends his thoughts and prayers to your family and was sorry he was not able to be at your funeral yesterday and that he will never forget you and your kindness when he needed a friend and guidance.

I love you my friend, R.I.P Shaun.
